

# 2026 PCS Annual Jog-a-thon Registration

Thank you for registering your students in the Jog-a-thon! The registration steps have been updated this year. Please follow the instructions below!

**Note:** *If you are registering multiple students in different classrooms, you must complete these steps for each student, but you can use the same email address each time and manage their pages under a single account.*

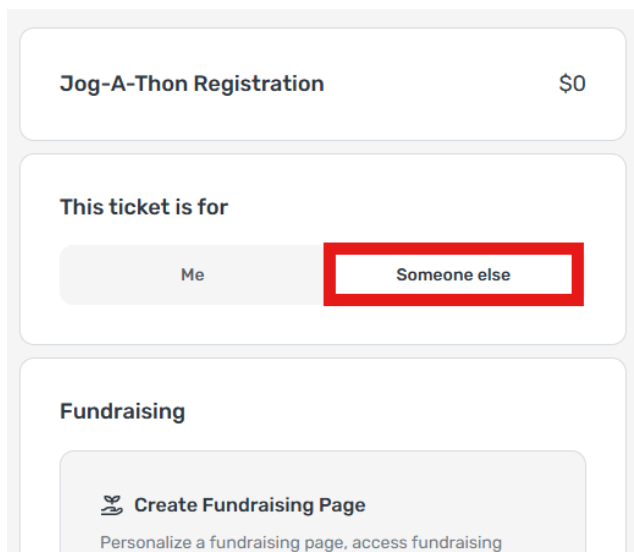

---

## Parent Instructions:

1. Visit the campaign page (<https://charity.pledgeit.org/Providence2026>) and click **Sign Up**. Select the Jog-a-Thon Registration ticket.

2. When asked who you would like to register, toggle the option to **Someone Else** - *you will be registering your child*

3. Customize the fundraising goal, enter your student's laps goal, and set a custom URL for your child's fundraising page. Setting a vanity URL will help you keep the link for each student's page easily identifiable.

### Create Fundraising Page

Personalize a fundraising page, access fundraising tools, become a team captain, and more! A fundraising page is not required to participate on a team, but is required to be a team captain.

Fundraising Goal \*

\$ | 250

Laps Goal \*

Estimated laps expected

Fundraising Page Vanity URL

undefined...@ | your-name

Add your student's name to their page URL (no spaces)

4. **IMPORTANT:** Toggle on the option that says "**Add this Fundraising Page to My Account**" - *this allows you to control their fundraising page under your email of choice*

**Add this Fundraising Page to My Account**

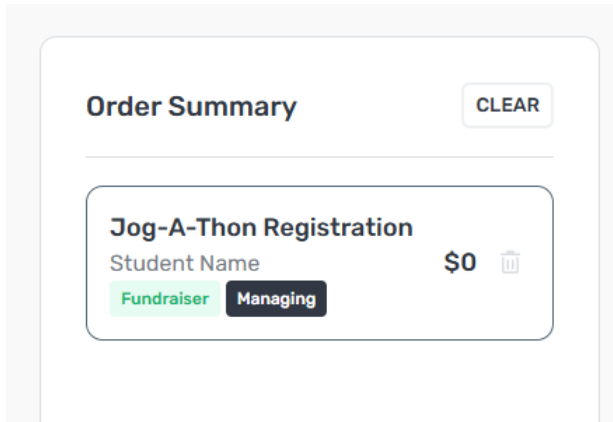

You'll be able to manage this fundraiser's page on their behalf from your Pledge It account.

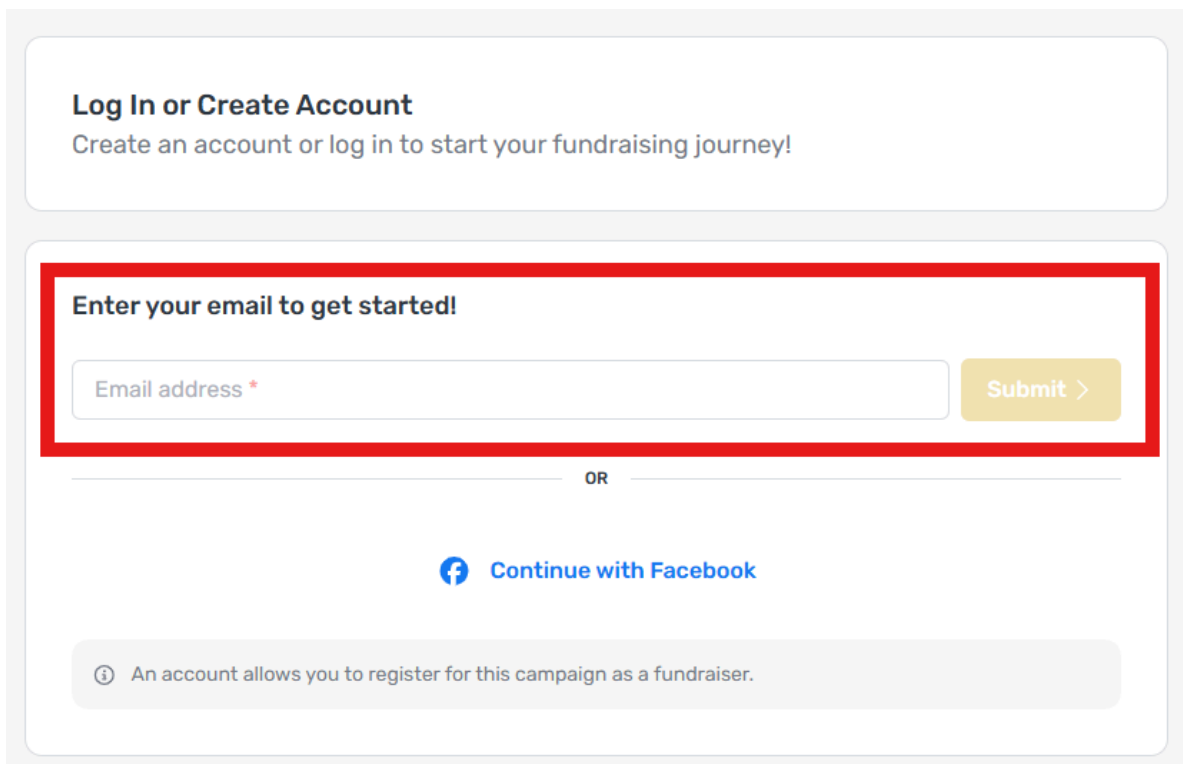

This should display in green when done correctly.

5. Enter your child's name, then click **Add Registration**. Their registration will be added to your cart. You should see a flag that says "Managing" to indicate

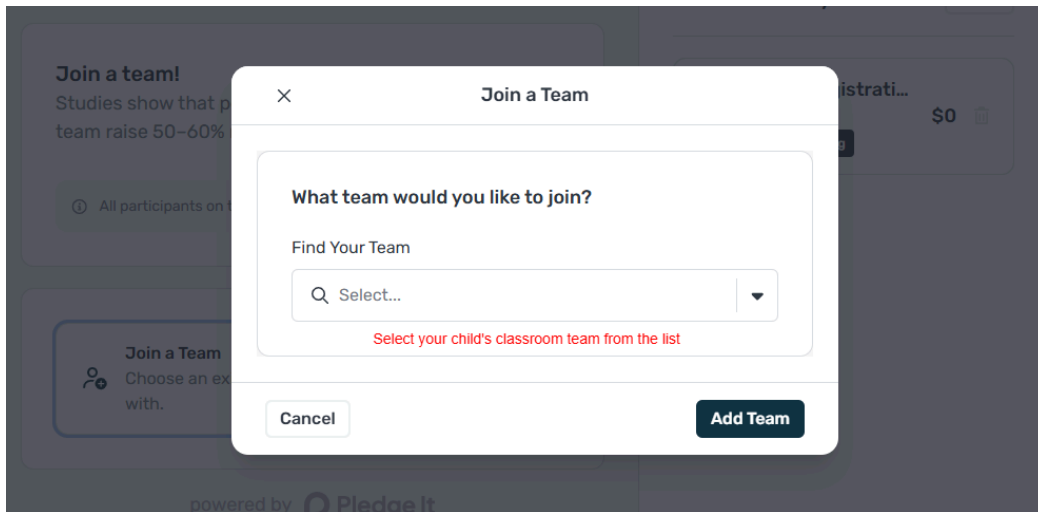

you are managing their page. If this is missing, click on the registration and be sure to adjust the toggle seen in step 4.

6. Click **Checkout**. You will be prompted to create an account or login. This will be the email account used to manage fundraising pages for your child or children. If it recognizes your email from last year, but you don't know your password, follow the prompt to reset your password.

7. After signing in, you'll see a prompt to place your child on the correct team. Find their classroom grade and select it.

8. Click **Continue**. You will have the option to leave a donation if desired. You can also donate later.
9. Click **Continue**. On the final checkout page, enter your First Name, Last Name, and Email as a parent. Click **Submit**.
10. You'll be taken to your student's fundraising page, which you can customize as desired and share with donors.

**If you are signing up multiple children:** Return to registration and repeat the above steps *while still logged in*, being sure to indicate that you want to add their page under your account. This feature will allow you to use the same email for all registrations and easily toggle between their fundraising pages to post reading updates and manage donations.
